This board is a general communication support developed for use in the WA Museum Boola Bardip.

Based on the Modified Fitzgerald Key – the colours serve only as a guide to help you locate word groups easily. Some words may belong to more than one word group.

Naming Words
(including the Galleries along the top)

People Words

Action Words

Describing Words
(for people, places, objects)

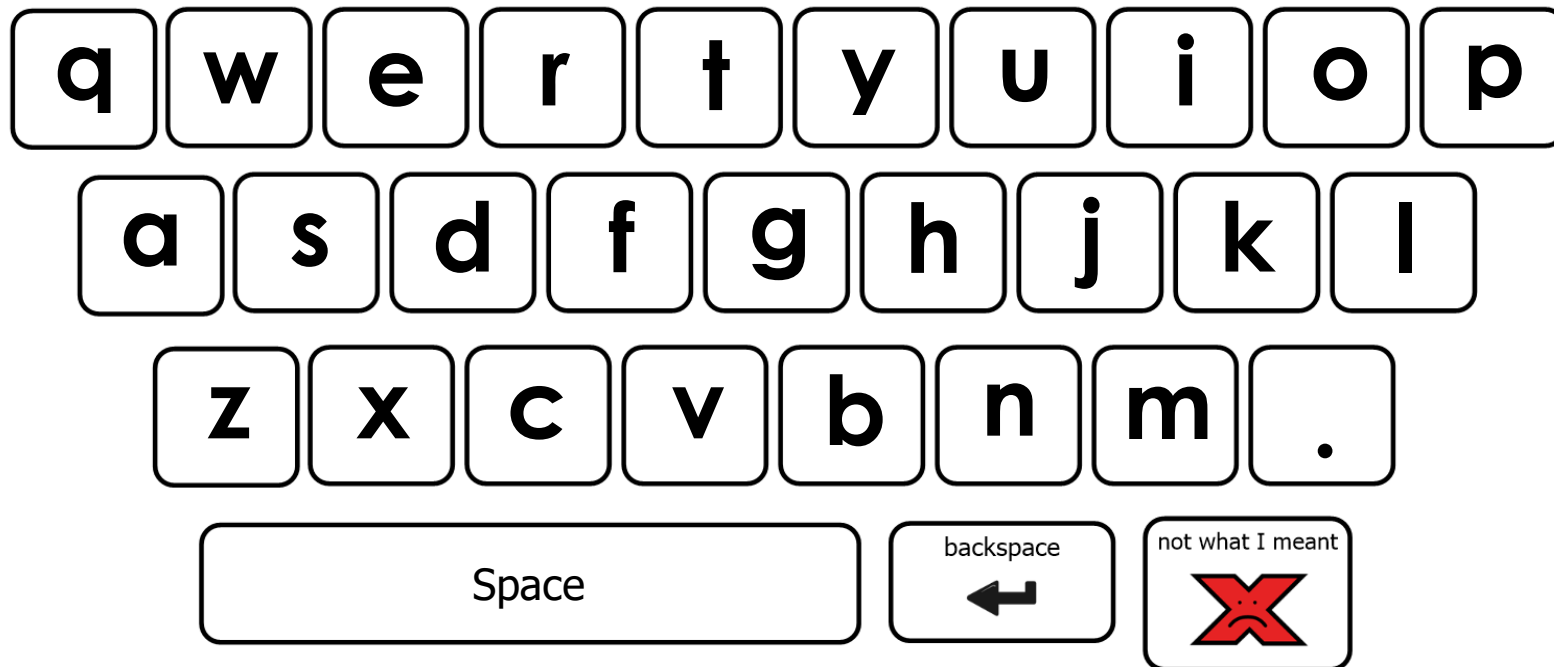

Describing Words
(for actions)

Social Words & Locations

Questions

Power Words

Please note, the colours in the **number pad** correspond with the colour of the **seating** on that floor e.g. on level 1 seating is in yellow. When using the elevator, the light will also change to the colour of the floor you are approaching. The coloured lightbulb icons above the gallery names on this communication board correspond to the floor colours. These colours can help you to identify where you are when exploring the Museum.

This board can be used to spell out specific words or messages.
